The first night unfolds around the campfire of a Kalahari bush lodge, with an optional immersive tour led by the San Bushman showcasing their hunting techniques and survival skills.

A morning flight may grant you a spectacular view of the Zebra and Wildebeest migration between the Makgadikgadi Pans and the bush. Maun, a bustling bushplane hub, becomes your refueling point before venturing into the Okavango Delta, a vast maze of waterways teeming with wildlife. Two days and nights in the Okavango Camp provide a deep understanding of the local fauna through guided game drives in 4x4s, Makoro (dug-out canoes), and optional foot safaris.

Day 4 Victoria Falls

The pinnacle of flying experiences unfolds as you traverse the Linyanti and Savuti areas before tracing the Chobe River low-level. Witness colossal herds of elephant, hippos, crocodiles, and diverse wildlife along the riverbanks. Departing Botswana at Kasane, you fly to the Zimbabwean side of Victoria Falls for an overnight stay, soaking in the panoramic views and experiencing the falls up close.

Day 5 & 6 Tuli Block

Departing Victoria Falls, you fly back along the Zambezi River, with a technical stop in Francistown before reaching the Tuli Block. Mashatu Game Reserve renowned for leopards and wild dogs, Mashatu offers captivating landscapes and knowledgeable game rangers, creating an ideal setting for relaxation during the final two nights.

Day 7 Optional Blyde River Canyon

Departing from Mashatu, cross the Limpopo River, marking the return to South Africa. After immigration clearance in Polokwane, you may opt to detour to the Blyde River Canyon before concluding the journey with a relatively short flight back to Pretoria.
